PEOPLE FIRST HR SERVICES OFFERS EXPANDED CONTINGENCY RECRUITING SERVICES

WINNIPEG, MANITOBA – Effective February 1, 2007, People *First* HR Services will expand its recruiting services at the management/professional/technical level in the area of contingency recruiting to include a broader reach of positions and industries.

Due to the war for talent and the current low unemployment rate in Manitoba, the renamed Professional and Administrative Staffing division of People *First* HR is offering contingency recruiting in Sales, Sales Management, IT, Accounting and Finance, Engineering, and Manufacturing. These new services will be lead by our director, Karin Pooley, who has 17 years experience in recruiting. The division will continue to offer its well-established practice of office and administrative recruiting.

“Due to both our own growth and the growing needs of the Winnipeg marketplace,” Pooley says, “we saw the need to expand our services. Companies need better alternatives. Firms that partner with us can customize the search process to address their organization’s unique needs and culture.” As a leader in the Manitoba market, Pooley says the new Professional and Administrative Staffing division can present clients with top quality candidates in a tailored, yet expeditious manner.

People *First* HR has three recruiting divisions. The other two, Executive Search and Management Recruiting, provide retained search, specializing in mid-level professionals to executives.

People First HR Services provides a wide range of HR consulting services to both private and public sector clients, including executive, management and office recruiting, outplacement services and human resource management solutions. The firm is the largest of its kind in Manitoba and has placed in the top four of Manitoba’s fast-growing companies (as recognized by Manitoba Business magazine) three years running.
