

2009 Compensation Survey for Manitoba Employers Interested in Participating?

What to Expect if Your Organization Participates in the 2009 Survey

The 2009 Survey consists of two questionnaires:

1. The first questionnaire requests data on your organization's **Compensation** information (base salary, bonuses & incentives) for more than 250 different jobs.
2. The second questionnaire focuses on your **Benefits & Employment Practices** (health, dental, disability, vacation, overtime, etc.)

You may participate in one questionnaire, or both. Information from each questionnaire is compiled in separate reports and will be sold independently.

You can submit your compensation information using our web-based technology, or, you may submit your data in an Excel spreadsheet.

Confidentiality will be respected. No company specific information will be disclosed to other participants, partners, survey purchasers or any other individual or organization.

Our questionnaires are designed with simplicity in mind.
